We can display these on the screen in 1922B for Monday's meeting. I may not be able to print these, but will try to get ISB help Monday.

MS – Stephanie, Rachel and I will be going through these comments on Monday, you are welcome to join us and I will forward the calendar invitation. But, I thought we might take an initial look and sort through the comments that will make it to the official comment letter and bring you in once we get things into better shape.

Subject: Rolling Knolls - Comments Summary

Attached.

We only ended up putting a qualifier on the comments that came from CDM Smith (C, A or P meaning Critical, Accuracy or Presentation).

Mainly, when looking at comments from other entities, I didn't want to screen something out that might be important from that person's perspective.

General Comments lead off, followed by the Specific Comments.

I'm in tomorrow – let me know if you have any questions or want anything adjusted/changed. It works well on the screen but I wasn't sure if you could print on 11x17 so I did not rescale it for that. Text is small when printed.
